

Disable VPN

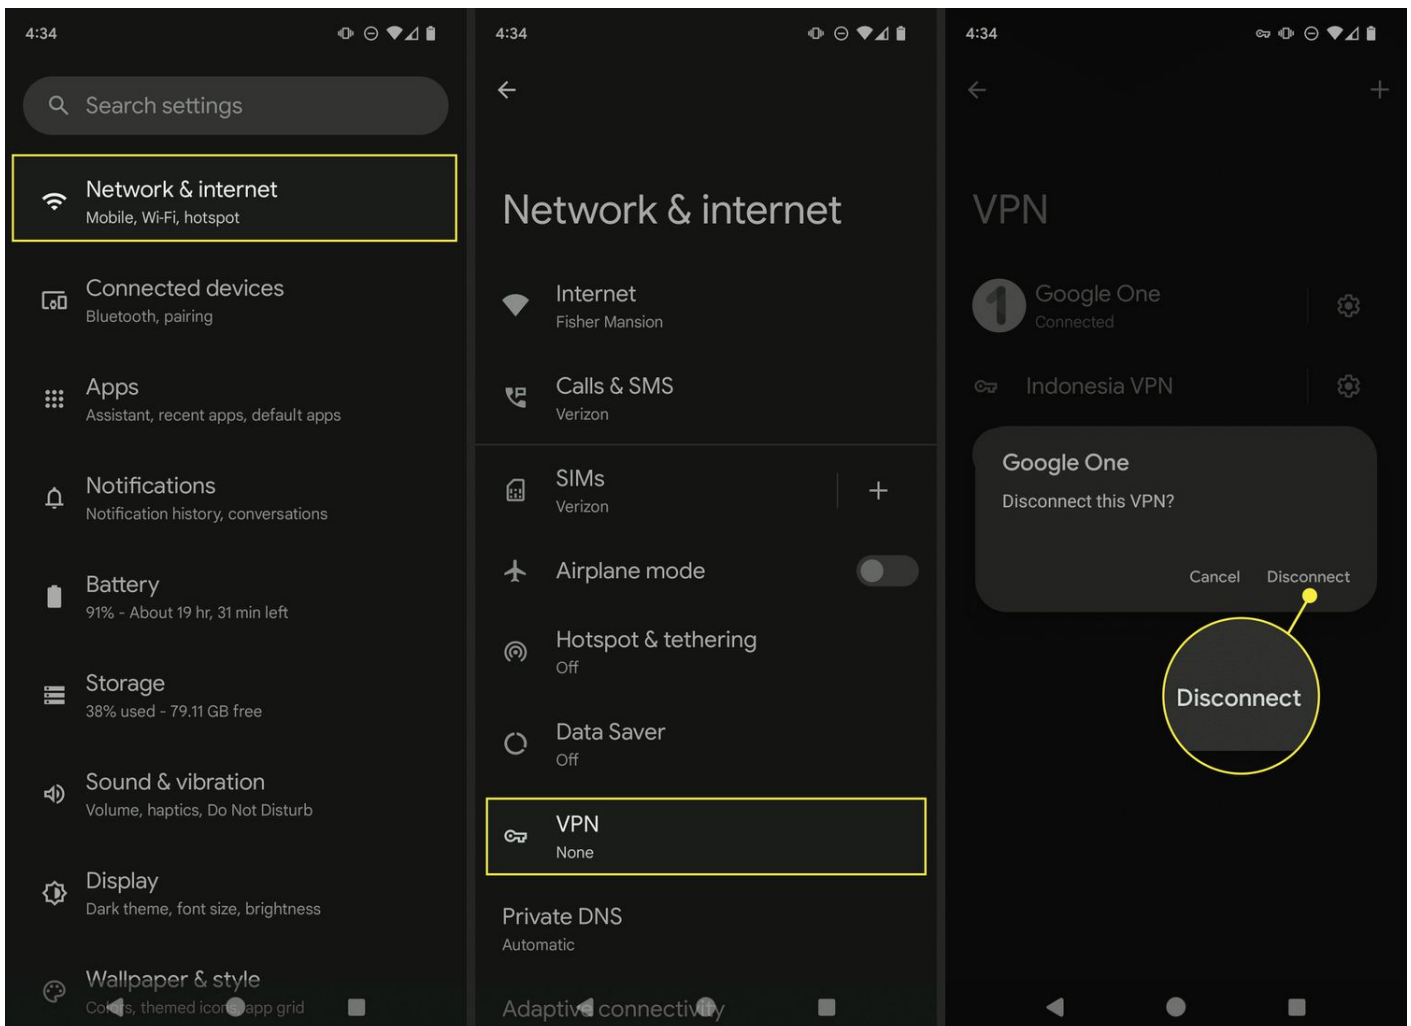

If you're experiencing connectivity issues, it may be due to personal hotspots or VPNs interfering with our network. Follow these simple steps to disable your VPN on iOS and Android devices to restore seamless access to campus Wi-Fi.

- [Android VPN Settings](#)
- [iPhone VPN Settings](#)

Android VPN Settings

1. Open **Settings**
2. Tap **Connections** or **Network & Internet**
3. Select **VPN** (Or go to **Advanced** > **VPN**)
4. Tap the active VPN connection and select **Disconnect** or toggle it to **OFF**

iPhone VPN Settings

1. Open **Settings**
2. Under **VPN**, toggle the active VPN connection to **OFF**
