DO NOT USE OTHER MAIL APPS

Please do not set up your Piedmont University email in the following built-in mail apps:

 **Apple Mail**
Not supported

 **Windows Mail**
Not supported

 **Samsung Mail**
Not supported

WHY NOT?

These built-in mail apps do not fully support university security requirements and can cause syncing issues, missed notifications, or account errors. For the best and most secure experience, please use the Microsoft Outlook app.

GOOD TO KNOW

The Outlook mobile app includes your university email, calendar, contacts, and files in one secure app. You can also access Microsoft Teams and other Microsoft 365 features from the app.
